

Human love is **emotional**. It is body centered, seasonal, and reciprocal. But God's love is **eternal**. So, it is spirit centered, everlasting, and principle based. Emotional love is instantaneous and momentary in nature. It will die down very fast because it is materialistic. God's love is stable with same affection, in every situation.

That's why God could assure all His Children of different tastes with His similar taste. God is tasted by His love because He is love. **God cannot hate anybody;** if someone violates His principle of love then he/or she invites a cursing in their life. Emotional love considers and compromises on the defined principle and also depends on the requirements of one or more persons.

Consideration is selfishness and compromise is selfishness with hope

God's love indeed recognizes our requirements

Indeed God does not consider our prayers because He cannot compromise on His principles; **rather He recognizes our needs what we ask in our prayer through savior Jesus Christ;** if they are righteous then they are already done; we have to just realize them.

God loves all humans, who even do not deserve His affection. Why; Because He has created them in His image and likeness to complete a *divine mission*. But God's enemy (Satan), the soul eater, since the beginning of this world wanted to be worshiped illegally; successfully warped humans' mind to go opposite to the path what God had set for them to follow. God must be worshiped; when man and woman did not believe God's principle of life, they had become the followers of Satan's life theory and lost the peace with God almighty. Satan is a liar and evil minded spiritual personality; he is called the prince of darkness. Satan does not possess a physical body, which can be shown to humankind. So Satan had

confused the minds of first family on the earth and *even today he has been confusing the peoples' minds and thoughts to give a shape to him.* Different thoughts had developed in different minds according to his lustful suggestions, which have resulted in different forms of false worships. *Wrongly motivated faith is a lustful worship.* Satan has a wrong motivation and **permitting his lustful desire into our mind certainly cannot bring a devotional love.**

Man and Women possess *Spirit, Soul and Body*; Soul and Spirit belongs to God, but the Body contains earthly substances. The day our emotion comes to a halt on this planet earth, the spiritual system (Spirit and Soul) will have to face judgment. God can accept a soul in His dwelling places (heavens) or reject it; because He is the source of life (energy).

The rejected one has to live with rejected spirits (Satan and his demons) eternally in the burning hell, *in a state of eternal sorrow* (weeping and grinding). Weeping is because the desires cannot be executed as there will not be a physical system to fulfill the developed desires; this will result in an inward angry of grinding. On the other hand the accepted one since has made the peace with God in Jesus, who is God's love, will live forever with God in a heavenly recreated system (resurrected body) in God's presence in a state of peace and happiness.

The truth that has been revealed to the world is that God is love; and it has been shown through His only begotten son, 'Jesus Christ', who had given His life on the cross for everyone. **This everlasting covenant God has made only with His son Jesus Christ** (Christ means redeemer). The man made worshiping methodologies and systems of this world, since does not reflect the nature of God i.e. love, all are dead bodies of the past and just earthly materials. It is Satan (God's enemy), who has brought all these false worship ideologies into humans' life to separate them from the true living God. **God is Omni potential** (He can present Himself everywhere

simultaneously) and representing such a personality in any earthly form is to degrade the glory of God. *Satan's sole aim is to bring false worships, exploiting the images of earthly creatures through which his wishes can be met.* **God is a spirit centered personality**; He is the beginning and He is the end. No one has seen God from this physical world. So He has shown His grace and mercy to this world; **Jesus Christ is God's grace and mercy**; that's why Satan and his followers killed Jesus without showing any mercy. Still **God loves the world through His mercy**, so He raised Jesus from death and crowned Him with all the powers on the earth and in the heavens. **Jesus brings peace into our life by removing our wicked characters**; peace of mind ensures joy that gives strength and in that strength we realize God's love and that love transports victory into our life.

Jesus says, '**Believe the truth, and the truth shall set you free**'. The truth is that 'God is love'. How long we spend time without noticing the love of God. His hands are always straightened to receive us. Dear friends, Jesus want our name to be written in the book of lamb. Those who find their names in that book are the blessed (have made peace with God); those who don't are the cursed. The precious blood of Jesus Christ shed on the cross is the only means that would make our life acceptable to God. If we reject Jesus when He knocks the door of our heart, we just reject the God's love, which He has shown to this world. **The prince of peace (Jesus) wants to make peace with us and God**. If we do not receive God's love and live in peace, it is certain that God cannot accept such soul that has no peace but only proud.

Dear friends, Heaven and hell are just opposite like peace and proud. If we meet Jesus today in our life, let us receive Him; He is the potential savior and peace maker. And in God's love, Christ guarantees everlasting peace and happiness in the present life and forever in our eternal life. Praise the Lord.
