

Why Jesus Christ was raised from the death on third day; prophetically it was told that like Jonah was inside the belly of whale, the son of Man would be in the heart of the earth for three days (**Matthew** 12:39,40;13:33; **Luke** 11:29,30, **Hosea** 6:2).

### Activity 1: Submission to God (Judgment on Physical System)

Sinner has to die for his disbelief on the theory of love (eternal physical life on the earth); so judgment is passed by God; Jesus took that judgment in his body and handed over his spirit to God; that's the reason why his body was tormented, spitted and met with every cursing. God sent him to hell; the place we deserve to stay; because we did not trust God. The spiritual disobedient are put into hell (Satan, demons, all human souls since Adam and Eve). **Day 1 represents judgment on physical system.**

### Activity 2: God's Judgment on Soul (Judgment on Spiritual System)

Spiritual system deserves a place to stay according to God's Judgment. Jesus was sent to hell and he preached the souls the good news, God had kept for them in his treasure; because God wanted them to trust Jesus. Jesus was not yet raised to glory (**as source eternal life**); remember that he was in hell along with others. But they were expected to pose their faith on him that he would be raised from that state. In fact he was with them in their state. The souls were under bondage to Satan at that time in hell. **Day 2 represents the judgment on spiritual system.**

### Activity 3: God's Grace on Souls (Salvation)

Though humans did not obey and believe God and His principles; God had created

them to reveal His glory, so he loves them from the bottom of His heart. That's why he had declared the salvation path in the place where they had betrayed him. God's grace is the pathway for salvation and God's glory is the pathway of creation. We were created in God's glory but lost it; so He saved us by His grace and mercy on the third day. He recreated us as His glory once again (**Just right is God's righteousness**). All the righteous sons and daughters of God in hell who died before Christ birth were saved. Jesus took the key to hell from Satan; whoever believes him will not enter hell.

**Day 3 represents resurrection (salvation).**

### Law of New Life Creation

If we read the history of creation in Genesis, we understand a basic point about new life (**Genesis 1:3:31**).

Earth was created along with heavens; but it was formless and darkness was present on the surface of it. In biblical terms darkness indicates sinful body. A sinful body is formless once the spirit comes out because the substances will go back to its source. Therefore, on the day Jesus died, His spirit came out and was taken back to heavens (**“Jesus said: unto your hands I give my spirit”**). But God sent Jesus to the depth of darkness (hell).

In the creation process, every day God spoke to different sources, which had resulted in actions (creations) and He found them good; it means that creatures were made according to His principle. So God cannot punish a person and put him in hell the same day and also raise him the same day. That is not His righteousness. Let us examine the sequences of creations (**day and night completes a day of creation**).

**Day 1:**

God created light and divided light (life) and darkness (death); make apart the physical system to die and spiritual system to live in case of non-compliance.

**Day 2:**

God created expanse and divided the heavens and waters; remember in the beginning the earth was covered with waters and darkness (**our original state; formless**); God clearly separated us (disobedient in flesh) and Him (Spirit); therefore He sent our savior Jesus to hell because Jesus came to the world in flesh. God made separation of the earth from heavens through expanse.

**Day 3:**

God created earth and all the lives on it; God said, "**Let the earth yield grass, herbs yielding seed and fruit trees bearing fruits after their kind, with its seed in it**". In biblical term, tree represents a man; it means life and the fruits of the tree have got seeds in them to produce new lives; every seed that has potential of creating indicates God's nature. It is nothing but creation of new life. Jesus Christ has that potential to recreate life in us; this is the faith on which we are living; otherwise it is mere waste following His principles. **Lives with potential seeds were created on the earth on third day; it is God's righteousness.** God spoke to the source to produce what He wanted it to perform. Jesus was the seed of heaven (**Word of God**) and thus he was given a new life on the third day when God spoke to Him. Jesus has our lives in Him; the day God speaks to Jesus to give us the new life, we will be with him in heavens. Then the tribulation will start on this earth for others, who do not trust Jesus as their savior. God spoke to sources to create new life; therefore, **creation of new life involves a source, word and spirit.** Adam was created when God spoke to Himself. Adam had two sources;

- Materialistic (from earth)
- Spiritual (life from God)

Now Jesus has been made the source of new life (He said, “**I am the way, the truth and the life**”). No one can enter into this life without Jesus. God has created Jesus as the source of eternal life; but God is the only creator; glory to our Almighty father.

When God speaks to Jesus Christ, all the souls will raise from their inactive state and those who live in their physical bodies will be transformed into the spiritual body like Christ.

*Dear friends,*

Why do we then worship God in Jesus name?

Only creator deserves worship and service; since He has revealed Himself through Jesus Christ to us, we all must worship our God Almighty in Jesus name (John 17:24-26). Number three is an indication of divine system in the spiritual world (trinity). The trinity represents God Almighty (Father), Jesus Christ (Word of God) and Holy Spirit (Spirit of God). Number three indicates the completion of divine system (I John 5:7); rest all is sons of God.

Glory to Father God; Let His grace and mercy be with all of us.

Amen.
